

AURO Cleaning and Care Products

No. 411, 421, 427, 431, 435, 437 and 441

AURO Plant soap No. 411

Intended purpose/Properties

Universal cleaning agent for light to moderate soiled surfaces, for all surfaces, slightly caring. Suitable for ceramics, stone, unglazed tiles, plastics, , stainless steel. **Do not use on coated surfaces.** Can also be used for cleaning utensils (brushes, rollers, etc.). Pleasant odour, alkaline, slightly defatting. pH value: approx. 9.5.

Composition

Water, linseed oil*, alcohol, citrate, vinegar, eucalyptus oil, *as potassium soaps. Natural products are not odourless or free of emissions. May cause allergic reactions. Natural products are not odour- nor emission-free. See the current full declaration on www.auro.de.

Application/Dilution

Dissolve the plant soap concentrate in warm water, or use undiluted.

Dilution depends on application:

- For wiping down surfaces: 10 - 20 ml of soap for 10 l water (maximum 0.2 %). For regular cleaning and care, use only moist wiping.
- For cleaning of tools: brush or roll paint out. If necessary, depending on soiling degree, let undiluted plant soap act on for a certain time, then rinse thoroughly with water.

- For stubborn soiling: use undiluted. Carry out preliminary trials to avoid damage of the surface.

Packaging material Tinplate. Pouring spout made of polyethylene.

Attention Shake before use. Avoid contact with eyes. Use only original container. Store cool, frost-free, tightly closed, out of reach of children. UBA-No. 20410001. **Hazard Class** Does not apply. **Storage stability** Approx. 24 months.

AURO Power cleaner No. 421

Intended purpose/Properties

Cleaning agent for heavily soiled impregnated surfaces or surfaces treated with beeswax balsam (e.g. wood-block flooring, furniture, Cotto, cork); forms a very thin, protective wax film.

Product containing wax and solvents, with good dirt dissolving power, for wax balsam coatings, intensive cleaning power, has slight re-waxing properties, antistatic effect.

Composition

orange terpenes, linseed oil, swelling clays, carnauba wax, lecithin, alcohol, beeswax, drying agents (cobalt-free).

Natural products are not odourless or free of emissions. May cause allergic reactions. See the current full declaration on www.auro.de.

Application/Dilution

Use undiluted. Apply using a rag ball or a brush, vigorously rubbing down the soiled areas. If necessary, re-wax the areas with wax containing products, e.g. Hard wax No. 171*.

Packaging material Tinplate. Pouring spout made of polyethylene.

Attention Xi: Irritant, contains orange oil. R10: Flammable. Keep away from ignition sources, do not smoke. Danger of self-ignition: Used cloths must be spread out separately to dry, do not crumple. Can cause lung damages when swallowed. After swallowing do not induce vomiting. Do not inhale vapour, aerosol. R38: Skin irritating. R43: May cause sensitisation by skin contact. S2: Keep out of reach of children. S24: Avoid contact with skin. S37 Wear suitable protection gloves. S46: If swallowed, seek medical advice immediately and show this container or label. S56: Dispose of this material and its container to hazardous or special waste collection point. Provide for adequate air change and for skin protection. Store cool but frost-free in closed original container, out of reach of children. See Technical Data Sheet and Safety Data Sheet.

Packaging Tinplate. **Disposal** Recycle only completely emptied containers. Liquid residues: EWC code 080111. UN1263, ADR 3.

EU VOC limit value acc. to 2004/42/EG II A (flb): 700 g/l (2010). Product VOC < 600 g/l.

AURO Floor cleaner No. 427

Intended purpose/Properties

Mild cleaner for painted wooden and cork surfaces and linoleum, especially for floors. Also ideal for laminate and tiles.

Concentrate made of different plant soaps and sugar detergents, easily thinnable in water. PH-value: approx. 8,3

Composition

Water, citrates, surfactant made of sugar, coconut fat*, alcohol, castor oil*, potash, citric acid, cellulose, *as potassium soaps.

Natural products are not odourless or free of emissions. May cause allergic reactions. Natural products are not odour- nor emission-free. See the current full declaration on www.auro.de.

Recommended dilution for 10 l water

- slightly soiled surfaces: 0,1 % (=10 ml or 1/2 closing cap)

- medium soiled surfaces: 0,3 % (=30 ml or 1 closing cap)

- heavily soiled surfaces: 0,5 % (=50 ml or 1 1/2 closing cap)

Packaging material Bottle made of polyethylene.

Attention Shake before use. Remove splashes immediately with water. Avoid contact with eyes. Only use original bottles. Store closed bottles in a cool, dry and frost-free place. Keep out of the reach of children. UBA-No. 20410011.

Hazard Class Does not apply.

AURO Floor care emulsion No. 431

Application

Shake well before use. For cleaning of light to moderate soiling. For regular care of all surfaces. Apply 100-300 ml No. 431 for 10 l warm water. Apply with a wiping cloth, only moist not wet, repeat if necessary. Can be used undiluted. If necessary, polish after drying.

Composition

Water, linseed oil, carnauba wax, beeswax, alcohol, xanthane, potash, thiazole, contains orange oil (0,8%); eucalyptus oil (0,15%). Natural products are not odourless or free of emissions. May cause allergic reactions. Natural products are not odour- nor emission-free. See the current full declaration on www.auro.de.

Attention Risk of self-ignition, spread out used cloths separately, let dry, do not crumble. Store closed bottles in a cool, dry and frost-free place, out of reach of children. **Packaging material** Tinplate. Give empty containers with dried product residues for recycling. GIS-Code:GE 20. See Technical Data Sheet, Safety Data Sheet on www.auro.de, Downloads. **Disposal** Liquid residues: EWC code 200128, UBA-No. 20410004.

AURO Paint and stain cleaner No. 435

Intended purpose/Properties

Mild cleaning agent based on pure vegetable soaps and sugar detergents for cleaning of painted or stained surfaces.

Easily soluble concentrate with good emulsifying properties and good cleaning power. pH value: approx. 8.2.

Composition

Water, citrate, sugar surfactants, coconut fat*, alcohol, castor oil*, potash, citric acid, *as potassium soaps.

Natural products are not odourless or free of emissions. May cause allergic reactions. Natural products are not odour- nor emission-free. See the current full declaration on www.auro.de.

Application/Dilution Dissolve Paint and Stain Cleaner concentrate in warm water. Clean surfaces using a soft, lint-free cloth. Rinse off with clear water. Recommended dilution for 5 l water:

- light soiling: 0,1 % (= 1 teaspoon or 5 ml)

- moderate to heavy soiling: 0,5 % (= 1 tablespoon or 25 ml)

Do not use undiluted; this could cause surface damage.

Note: Paint and stain cleaner is not only suitable for cleaning window frames, but also for window glass.

Packaging material Polyethylene.

Attention Shake before use. Only use original bottle. Store closed cans in a cool, dry and frost-free place. Keep out of reach of children. Avoid contact with eyes. **Hazard class** Does not apply. **Storage stability** Approx. 12 months.

AURO Floor care No. 437

Intended purpose/Properties

Mild cleaning and care product for oil and wax-treated surfaces, especially floors.

Concentrate made of different plant soaps and sugar detergents, easily thinnable in water; pH-value: approx. 8,3

Composition Water, citrate, sugar surfactant, coconut fat*, alcohol, castor oil*, potash, soy oil*, citric acid, xanthane, citrus oil, *as potassium soaps. Natural products are not odourless or free of emissions. May cause allergic reactions. Natural products are not odour- nor emission-free. See the current full declaration on www.auro.de.

Application /Dilution

First clean the floor by sweeping or by vacuum-cleaning. Then dissolve the Floor care in warm water and wipe with a damp cloth. Finally wipe with clear water (damp cloth).

Recommended dilution for 10 l water:

-lightly soiled surfaces: 0,1 % (=10 ml or 1/2 closing cap)

-medium soiled surfaces: 0,3 % (=30 ml or 1 closing cap)

-heavily soiled surfaces: 0,5 % (=50 ml or 1 1/2 closing cap)

Packaging material Bottle made of polyethylene.

Attention Avoid contact with eyes. Store closed bottles in a cool, dry and frost-free place. Keep out of the reach of children. Shake well before use. Use only in original container. UBA-No. 20410012. **Hazard class** Does not apply. **Storage stability:** approximately 12 months.

AURO Cembra oil furniture polish No. 441

Use/properties

For the regular care of waxed furniture surfaces. Because of its content of cembra oil, the polish is particularly suitable for furniture, cupboards and chests. Polish containing wax with good working properties, antistatic effect and a very pleasant fragrance.

Composition

Alcohol, orange oil, linseed oil, shellac, balsamic turpentine, swelling clays, pine terpene alcohol, eucalyptus oil, cembra oil, carnauba wax, beeswax, lecithin, drying agents (cobalt-free). May cause allergic reactions. Natural products are neither odourless nor emission-free. Current full declaration on www.auro.de.

Application

Shake well before use. Use the polish undiluted. Apply a small amount of the product using a soft, lint-free cloth. Rub evenly into the surface of the furniture and polish off after a few minutes. When dealing with very sensitive surfaces, make preliminary test on an inconspicuous area.

Packaging Materials: Glass with lid made from polyethylene.

Safety Advice

Product is combustible. Soaked cleaning cloths can **self-ignite**, such items must therefore be spread out separately or kept in tightly closed metal containers. For information on the safe handling of the product, for product labelling and for hazardous goods regulations, please refer to the current Safety Data Sheet and the product label.

Disposal: Liquid residues: EWC code 200112, designation: Paints. **Hazard Class** UN 1263.

Storage stability: approximately 12 months.

Remark: The „Classic Edition“ products are marketed in Germany only and therefore have no English labels.
